VOL. 36 BARIUM SPRINGS, N. C., SEPTEMBER 1959 No. 9

HOMECOMING 1959

On this page is a picture story of Homecoming at Barium on August 9. The first two rows of pictures show children and grandchildren of the Home "tending to business" at the noon hour. In the third row, there are Mrs. Ferguson, and Mr. and Mrs. Deaton. Then Benny Gregory, Wallace Twombly and Paul Horne are settling the affairs of the world after having consumed quantities of dinner. Next is ex-president Hilda Bernardo surrounding a barbecue bun, and the fourth picture is designated "The runaway boys," Curry and Hamilton. In the bottom row, Mrs. Ralph Spencer and a guest of hers are first and next is Elizabeth Woodall Huffstickler and her baby. The third picture is the hot rodder of the campus that day featuring "Hot Rod" Bolton and "Red Hat" Agnes Coppedge Savage. The last picture shows Jane McIver talking to a group of the older alumni about a memorial for Barium's first superintendent, Mr. Boyd.

UNDER THE STEEPLE

By Rev. Hugh B. Carter, Jr.

Special thanks from the congregation and the minister to the girls at Howard and North and Rumple Cottages for folding Church bulletins each week during the summer months. The girls and patients at the infirmary have also had a turn at helping in this way. Some weeks have found the girls doing as many as 500 bulletins or worship programs at a time. Additional thanks to Linda Sue Medlin and Joyce Ann Hughes and Miss Sims for polishing the Communion Service and flower containers and the Baptismal bowl.

Mrs. Max L. Gilleland is in charge of the Junior Section of the Nursery (ages one through three) maintained by the Women of the Church during the eleven o'clock worship hour. Children age four and five are cared-for by volunteers, fathers and mothers, who rotate on a schedule that calls for service about every two or three months. The Nursery during the Church Hour is a real convenience to parents with pre-school children.

The Choirs of the Church under the faithful direction of Mrs. Clontz deserve honorable mention for outstanding services rendered during the month of August. At the Homecoming Worship, The Children's Chorus sang "Come, Jesus, Holy Child" and the girl's chorus did "Open Our Eyes." The Chancel Choir rendered Beethoven's "The Heaven's Are Declaring." On the following Sunday, the Little Children's Choir ages six and seven, sang "God Who Made The Earth," and on August 23 the Girl's Chorus joined the Chancel Choir in "O Savior Sweet" by Bach.

The Pioneers re-organized with the influx of rising seventh graders who were added to the Pioneer Fellowship following the vacation period. Group Leaders are Lois Allen, Eloise Barefoot, Rita Harris and Joyce Ann Hughes. A joint meeting with the Pioneers of the First Presbyterian Church in Statesville was enjoyed on August 16. Supper was served to our group and the Statesville Pioneers put on a dramatic play which they had written and directed themselves. Later in the month, in connection with a series of programs relating to School Problems and Behavior, Mr. Forrest Price of Troutman will be a guest leader at the Pioneer Meeting.

The Senior Highs have been enjoying programs on the subject of Christian Vocations and have had visiting leaders from the community to address them on that theme. City Court Judge Jack R. Harris and Troutman High School Teacher E. Y. Martin have been on the program, and other such speakers are anticipated. On August 15 the Senior Highs enjoyed an outing at a nearby recreation center in which the three major actions were swimming, bopping and eating.

End of the month plans include an outing for the chancel choir, a retreat for the Senior High Fellowship Council at Camp Grier, a Men of the Church Supper, and Rally Day Exercises and Promotion of Classes.

A good text for the encouragement of the flagging spirit during the latter days of summer: "Therefore, my beloved brethren, be steadfast, immovable, always abounding in the work of the Lord, knowing that in the Lord your labor is not in vain." (I Cor. 15:58)

BARIUM BOY GETS Ph.D. DEGREE

John McCall

Pittsburgh, Pa.
July 22, 1959

Dear Miss Carpenter:

In response to your request, there is enclosed a snapshot of myself. Please let me know if this is not satisfactory. I feel rather immodest to parade myself before everyone, but I do believe that my Barium friends are interested in each other's achievements (e.g.—the Starling brothers).

I do not recall writing about my visit with the Alessandrinis this past March. Henry and wife had me out to dinner and Victor came over to chat. I was very impressed with Henry's fine-looking, happy family. He is a good provider and is skilled in many ways.

Ginger and I have begun the arduous task of packing and hope to get moved into Buffalo by August 1st. For the first year we will sublet from someone who will go to Europe on a Sabbatical. We drove straight to Buffalo from Minneapolis and then came home, very tired from the three days of traveling. One can now take a fast toll road all the way from New York to the Wisconsin border.

At Buffalo my duties are divided between the Psychology Department and the Vocational Counseling Center there. (Rank - Assistant Professor). I will teach professional level courses in Counseling Psychology to students in the graduate training programs. (Courses in counseling methods, use of tests, and research.)

The Vocational Counseling Center is a very specialized agency which serves the community, plus the more complex vocational-problem students. (Distinct from the usual college guidance center.) We do a lot of diagnostic testing and operate a training program for the graduate students in counseling.

I am not certain if a background note was desired. For the record, I got my M.A. at Columbia in 1951. I then worked full-time at Emery for two years. In 1953 I began studies at the University of Minnesota, although I worked at the same time: dormitory counseling, research fellowship, instructor in psychology. In 1957 I came to Carnegie Tech for two years—while working on my thesis in my spare time. My thesis, or dissertation, dealt with the relation between interest and ability. Essentially, I performed an experiment to see if interests in given activities changed after learning about one's own ability in them and about the ability in them of other persons in the same vocation. The details are quite involved and I will spare you that. The study was moderately successful. One of my professional interests is to study the nature of interests and their causes.

Some Barium folks have asked why I studied at Minnesota. For one reason, the University there has a high reputation in the field of Counseling Psychology. (Counseling Psychology is very similar to Clinical, but focuses more on the educational and vocational problems of the normal person.) A practical reason for going to Minnesota was the Research Fellowship offered me when I applied. Last, but not least, I was eager to visit the State where my mother grew up and taught school. We have several relatives there now. Since Ginger's family lives there, we will continue to return. We regret living so far from everyone. I hope the Alessandrinis, for one, can come by to see us.

Again, thanks for your interest in my progress. It is a relief, not to say necessity, to have the doctorate in a college community.

Love, John McCall
